| Congratulations to those who weathered the looongg delay, the light air, and the pre-race naval engagement/party on the water to make a race of it. | | | | | | | | | | | | | | | | |
| If you see anything strange, please contact Charlie Husar. In some cases we do not know if boats started, but did not finish, after the long delay. | | | | | | | | | | | | | | | | |
